Dear Friends of Oregon City Junior Cheer

As you may know, Cheerleading can be very expensive for families involved. At OCJC we have worked very hard to control costs, but each athlete will be responsible for approximately \$400-800 in expenses over 5 months. This cheer opportunity is open to any child in grades 5th-8th in Oregon City. The money will be used for uniforms, competition fees, practice rental fees, practice mats and tumbling training, which are essential to ensure we develop the skills to support athletes, prepare them for High School, and competition.

Any donation amounts are welcome. Once your donation is received, you will receive a thank you letter with a receipt of your generous donation, for tax purposes.

Sincerely,

Oregon City Junior Cheer Board
