Dear Friends of Oregon City Junior Cheer

Cheerleading is growing in our community at this youth age. There have been on average 80-100 youth cheerleaders that cheer during youth football games over that past 5 years (excluding COVID year), and 40 of them typically transfer over to our competition cheer program after fall season. With increasing prices for facilities and supplies, this will only allow families with good financial status to be able to participate.

Cheerleading can be very expensive for the families involved. At Oregon City Junior Cheer (OCJC) we have worked very hard to control costs, but each athlete will be responsible for approximately \$800-1500 in expenses over 5 months. Our program is open to any child in grades 1st to 8th within Oregon City and surrounding areas. All sponsored money will be used to pay for competition fees, music, and practice rental fees. These are essential to ensure proper development of the skills to support athletes, prepare them for High School, and perform at a competitive level. We teach participants to work as a team, encourage positive reinforcement, and good sportsmanship.

If you would like to support a Cheerleader or our Cheerleading competition program that will benefit the entire team; please fill out the information section below. By mail, enclose a check made payable to OCJC with attached sponsor form and mail to 11946 Woodwind Dr, Oregon City, OR, 97045. You can also email the information and send payment through PayPal or Venmo, or you call and discuss other payment methods, if desired.

Any donation amounts are welcome. Once your donation is received, you will receive a thank you letter with a receipt of your generous donation, for tax purposes.

Sincerely,

Oregon City Junior Cheer Board
